Rain Storm Big Help To Crops

Breaking an intense heat wave, a thunder storm, which lasted from 9 p.m. until 7 a.m. and brought .30 inches of rain which fell in intermittent showers, has helped the crop outlook considerably, besides giving relief to the terrrit burning heat.

Fields were not actually burning, except stubbled in grain, and one or two farmers report that they are afraid parts of these fields are gone completely. Summer-fallowed land was standing the heat pretty well but land was very dry. Grass was dry and pretty well picked off. The rain while spotted and not very heavy was a life saver and may preserve things until we get another one.

NEWS NOTES

Mrs. Gerald Gibb was hostess at a Club gathering on Sunday night. Kay Redd gave the lesson and a lovely lunch was served.

Mr and Mrs. Gray Kirkham are spending their holidays. They are still living in Edmon here with relatives and friends.

Waldo "Salty" Ross of Warner was winner of the day money Monday in the North American Pucking Championship. Our congratulations to Salty.

Ike Kitchen, A McNeely and Lowell Court were all at the Cheese Factory Thursday getting the electrical equipment back into operation. The butcher shop counters were working again the middle of the afternoon.

The painting fever seems to have swept the town. The painters have been going so fast the past week we have been unable to keep up with them and we have even quit trying.

Fire Damage At Cheese Factory

Fire, starting just before 8 a.m. Thursday morning in the ceiling of the Cheese Factory amongst the insulating material burned a hole in the roof, down through the ceiling and part of the walls of the egg grading room before it was brought under control by the local fire brigade which was on the job almost as soon as the alarm was turned in.

The flames came through the roof and the dense smoke from the insulation made fighting the fire a real job. For a long time after the flames were dead the insulation smouldered and it was necessary to keep the water on it for quite a while to prevent another outbreak of flame. The water ran down the walls, and through the joints of the ceiling material until the stock of flour and feed in the centre part of the building was badly damaged, some of it entirely destroyed.

Volunteer help soon had the butcher shop equipment of Henry McEneaney and all the records and office equipment

The local Branch of the Canadian Legion is co-operating with the Government in the drive for Salvage. All persons having paper, Magazines, Rubbers, etc. can bring them to John Horvath's Shoe Shop, where they will be packed for shipment. Please assist us in this endeavor; and the need is urgent.

9,020 pounds of milk came into the Cheese Factory yesterday on the Welfare program drive. This was in excess of the fondest anticipations of those in charge and will make a very nice stock of cheese to go onto the shelves of the Welfare store room.

Sunday evening's meeting in the 2nd Ward was in charge of the Ward Teachers. Harry Fairbanks was in charge, speakers were Elders Howard Rasmussen, Harold Stevens and A. W. Jones. Musical numbers were as follows: Vocal Duett, Mesdames King and Walker; Vocal Trio, Mesdames Emma West, Ruth Salmon and Florelle Palmer and a Vocal solo by Mrs. McLean. The service was much enjoyed by the audience present.

At the Piegrass home on Saturday July 3rd a very interesting party was held. It was the annual Boyson Reunion and also honoring Mrs. Piegrass' birthday. For the latter an interesting Cabigram was read from her son Lyle in England. Plates were served to 51 the out of town guests included Marie member of the services, and LeGrande and family who are at present stationed at Saskatoon. Mr. and Mrs. Wilford Harris and daughter Thelma, Mr. and Mrs. Peterson and family of Stirling; Mr. & Mrs. Currey and family from Mearth, Dean Wall, and Bert Boyson.

Stampede Again Makes History

Bright skies and a hot sun greeted Raymond's Dominion Day Parade and Stampede program Thursday and the biggest crowd the town has ever entered gathered for the Day. It is estimated that 8,000 people were on the streets for the Parade and fully 6,500 witnessed the Stampede events in the afternoon.

At noon eating places were swamped with people looking for a meal, and taking a sandwich to their car or any place they could find a seat to eat it. Restaurants did a land office business and in the evening most of them locked their doors their shelves and cases being empty.

The mammoth parade, enlivened by the Glenwood and Stirling bands, led off from the Stake House and filed down Broadway and back again getting applause from the crowd as the various sections passed. Following are the parade winners:

For floats, Library first Second Ward Primary, Stake Primary and Junior Red Cross.

Decorated cars, Iris Nilsson, Bob Graham and Mrs. A. D. Woolley.

Decorated bicycles, Shirley Allen, Robert Gibb and Geraldine Kenny, with each entrant receiving 50c.

Indian makeup W. J. Van Orman, Calvin Hancock and Jerry Salmon.

Real Indian entries, Joe Young pine's chuckwagon first and Margaret Callumfirst, in fringed and beaded white buckskin and riding her pony second.

Decorated ponies, Grahams, Bill Dixon and all contestants received 50c.

Best dressed junior cowboy, Rex Erickson and Tommy King.

Best dressed cowgirl, Dorothy Herne, Deanna Perry, Lethbridge.

Novelty class, Stirling, Ern Nilsson and Clarence Allied.

Children in costume, Karen McLean and Carol Larson with each character receiving 25c.

The Canadian Sugar Factories held the rear position with a fire display of fifteen machines including the new beet thinking machines.

Much credit is due to those responsible in anyway for the outstanding parade.

By 12 noon the grandstand was three fourth full and by 1:30 when the show was billed to start every grandstand seat and every bleacher seat was crowded, the grounds was filled with cars from all over southern Alberta, and cars were lined up for over three blocks with people still waiting to get in. About 2 p.m. the Grand Entry was announced, headed by the massed bands, and then the Stampede and Races got under way, and during the afternoon Clark Lund, Arena Director turned out some really mean buckers that a rider would have had to be tied to the saddle to stay on them.

When the big bull was turned out with Frank Goodstriker aboard, the old bull twisted in two or three directions at the same time and Frank hit the ground hard. During the afternoon Blair Holland at the milke called for a hand for Ray Knight, father of the Stampede, Ray Bascom, dem of pickup 1, Ch present at the show, and Art Lund, recovering in the Hospital from a serious operation, who in his own words

hadn't missed a Stampede since he was old enough to know what they were. Following are the first day's Stampede winners:

In the Saddle Bronces: Arnold Montgomery, Red Matkin, Doug Bruce split, 2nd and 3rd and Vern Franklin.

Barback Bronce Riding: Jack Ellis, Reg Kessler, Arnold Montgomery and Elmer Goran split 3rd and 4th.

Steer Riding: H. Doenz, Edwan Morningowl, Roger Morning owl, Alex Eaglepine and Collin Bullshields split 3rd and 4th.

Wild Cow Milking: Rufus Goodstriker, Lucius Smalleyes, Frank Manyfingers.

Roping: Floyd Peters, Fred Gladstone, Bill Monkus, D. R. Forsyth and Frank Manyfingers splitting 3rd and 4th.

Bulldogging: Vern Franklin, Andy Lund, Frank Manyfingers Wild Horse Race: Reg Kessler, Wolfplume, George Brooks.

First heat of Pony Race: Art Jensen, Art Jensen Clark Lund.

In the one half mile race for two year olds, Clark Lund's entries carried away the three top places.

Chuck Wagon Race: Joe Youngpine, Fred Eaglepine, Harold Hair.

One half mile, Thoroughbreds: Art Jensen, Elmer Davis, H. H. Wood Potter.

Indian Relay: Arthur Soup, Hugh Healy.

Dominion Day Derby (purse contributed by Raymond business men); Horseowned by Walter Olsen and Elmer Davis, Golden Buns, Ernie Hall.

Boys and Girls' Pony Race: Clark Lund, Alfred Blood, Geo. Clark Lund, Alfred Blood, Geo. Heagan.

City features were Frank Goodstriker on Tomkand and Eddie Littlefields on a small bull, he was with Gene Hall on a Rose Horse, and trick riding by Elmy and Paul Bascom of East End, Sask., sons of Ray Bascom.

The second afternoon was as hot, or a little hotter than the first day and a crowd, a little over half the size of the first day was on hand for the program. Another bunch of real buckers were turned out and riders after riders were thrown and one or two jarred pretty hard, but none seriously hurt. Following are the second day and final winners.

NEWS NOTES

We hope you are enjoying the warm weather. We can't say that we are, but it doesn't need to keep others from enjoying it.

Willis Taylor of the Army Medical Corps is home on leave and will depart again for his station in Atlanta, Ga., the first of the week. "Bud" is looking well and says he feels fine.

Bob Lafferty has just discarded his crutches after using them for over a week from a spraining on him. Bob's big regret is that the sore foot kept him out of the Stampede.

Mr. and Mrs. Louis Brandley announce the marriage of their daughter Miss Margaret to Wallace V. Larsen, son of Mr. and Mrs. V. R. Larsen of Shelly, Idaho. The marriage to take place in the Alberta Temple at Cardston on Wednesday July 28th.

Mr. and Mrs. J. H. Ford of Ogden Utah are visiting friends and relatives in Raymond. "Jack and Ada" as we all know them left here several years ago when the health of their boy demanded a change. They lived in Wenatchee, Wash., for a while and then moved to Ogden. They are well and getting along good, but they are both delighted to be in Raymond again for a couple of weeks. They are returning the first of next week.

Will You Help

As everyone knows, our community Cheese Factory has been damaged by fire and there is considerable cleaning up to do around the premises. This is a community enterprise, a benefit to everyone in the Town and district, and we are issuing this appeal to the public to turn out Monday afternoon en masse to clean up the building and clear away the debris following the fire.

If the ladies would bring a brush and a rag to help clean walls and windows, and the men bring a hammer and saw to help clear away the burned and charred timbers, and trades men bring the tools of their

trade, two or three hours work would make a big difference in the looks of the premises.

We want to let everyone know too, that business will be carried on as usual. A temporary electrical line has been connected, the cheese making and milk handling equipment has not been damaged, and a temporary egg grading room is being fitted up so that all services of the establishment will go on as usual. Henry is already selling meat again as usual.

This is a community appeal and we ask for your support so that the institution may be cleaned up and rebuilt in the least possible time and with a minimum of expense. WILL YOU HELP?

As regards the locker room, no damage has been sustained in as far as can be ascertained. The freezing unit has been placed back into use and every thing operating smoothly again. However the keeping qualities of this meat may have been injured in which case it may be necessary to have the present meat used up as quickly as possible. Locker renters will be advised on this point.

Threepersons, Consolation Race: Walter Olsen, Tom Threepersons, Spence Kenney.

Novelies included hurdling with Misses Loune & Bernice Heninger on 2 of Ray Knight's horses and a trick riding act by Wesley and Billy Bascom of Eastend, Sask., sons of Mr. and Mrs. Raymond Bascom, formerly of Raymond.

TABLET WARNING

A suggestion made by the Ottawa, P. C. Business Bureau that Victory Bond holders should be on their guard against irresponsible promoters deserves a wide hearing.

War Bonds are rapidly becoming the average family's most important savings reservoir, the Bureau observes. Thus, such investments and securities are always prime lures for racketeers, with their schemes for persuading people to cash in their bonds and turn the money over to them on irresponsible promises of getting rich quick.

One thing is certain, the Bureau advises—these propositions will sound good. They have to seem plausible to get our notice. Some may appear to be an opportunity for one to make a good profit. But, unfortunately, in too many deals, the promoter is the only one to profit. Says the Bureau, "If you are urged to cash in your bonds for 'investment' in an unknown proposition, WATCH OUT! Carefully investigate the offer for these good reasons:

"1—It may be a racket.
"2—It is real patriotism to keep the War Bonds you buy.
"3—These bonds are one of the best investments you can make."

FARM FOR VICTORY

BARLEY VS. WHEAT

In recent years, with the sale of wheat restricted, farmers in the "Wheat belt" have been faced with the question of what to do or not to grow coarse grains, such as barley.

Many farmers are feeding their grain to pigs, or other livestock; and others sell all at once then quit, as feed. So the whole thing boils down to this: "What crop will give me the greatest number of feed units per acre?" And, as a secondary question, "What is the better feed?"

Farmers in southern Alberta have often been heard to declare that this is a "Wheat country." Many have been heard to say that they don't grow barley because it won't yield as well as wheat in southern Alberta. Although this may be true in a few isolated cases, records show that it is certainly not true in general. Crop records show that all crop districts from Calgary south the yield in pounds per acre over a period of eleven years was:—Wheat 899, Oats 939 and Barley 1097, and the yields were in this same order every year. In considering this fact we must also keep in mind that the general practice is to put wheat on the best summer fallow and oats and barley on what is left. On the Lethbridge sub-stations where all crops were compared or summer fallow, the yields in pounds per acre were:—Wheat 1237, Oats 1495, Barley 1525. Sixty current sub-stations show Oats to outyield wheat by 8 per cent. and barley by 25 per cent.

Undoubtedly barley will grow almost any place where wheat will, and outyield it. Another point to keep in mind is the added advantage of barley in fighting weeds. The good feed barleys require 15 to 18 days shorter growing season than

wheat. They can be seeded later, after the weeds have been worked down, and they germinate and emerge faster, and with more vigor than other cereals. Still a further advantage of barley is that the straw of the smooth awned or awless varieties is superior as a feed to any other straw.

Then the question of the feed value arises. There are farmers who say they are afraid to use wheat; that it is too hot. Other claim wheat to give superior results to any other feed. Tests performed under controlled conditions at the University of Alberta lend some light on this matter. Groups of pigs were fed on heavy barley rations, and comparative groups on heavy wheat rations. Both feeds gave good results. The pigs fed on barley gained a little faster than those on wheat. The pigs fed on wheat (low grade feed wheat) made a little cheaper gain than those fed barley. There was no significant difference in the carcass grading.

This indicates little difference in feeding value both giving good results. Based on the performance of the pigs in the experiment in 1942 with pigs valued at \$14.00 per cwt for B1 carcasses, wheat was marketed through hogs at \$1.75 per bushel, barley at \$1.38 per bushel and oats at 98c. (labour not included.) So one may expect good results from feeding either barley or wheat, providing the necessary mineral and protein supplements are added. The one to grow is the one which fits his farming practice best, and gives the highest yield in pounds per acre. But chances

PLAN OF THE PROPOSED Raymond Municipal Hospital District Notice to Ratepayers

In accordance with the provisions of the Municipal Hospitals Act R.S.A. 1942, a request was received on July 15th, 1942 by the Minister of Health at Edmonton, asking that a Municipal Hospital District be established to include the following territory described below.

In compliance with this request the Minister of Health established the Raymond Municipal Hospital District on the 15th day of June 1943, appointed a Provisional Hospital Board and instructed it to meet on the 24th day of June, 1943, to prepare a plan for the building and operation of a hospital in the said district, in accordance with the Municipal Hospitals Act.

The Provisional Hospital Board met and prepared the plan follows:

All of Township 4, Range 19, W. 4th M.
All of Township 5, Range 19, W. 4th M.
All of Township 6, Range 19, W. 4th M.
All of Township 7, Range 19, W. 4th M.
All of Township 4, Range 20, W. 4th M.
All of Township 5, Range 20, W. 4th M.
All of Township 6, Range 20, W. 4th M.
All of Township 7, Range 20, W. 4th M.
Section 22, 23, 24, 25, 26, 27, 34, 35 and 36 of Twp. 5, Range 21, W. 4th Meridian

All of Township 6, Range 21, W. 4th M.
All of Township 7, Range 21, W. 4th M.

Fr. of Township 7, Range 22, W. 4th M., comprising fractions of Sections 19, 25, 26, 34, 35, and 36 lying North and East of the St. Mary's River.

THE TOWN OF RAYMOND.
THE VILLAGE OF STIRLING.

The Hospital Plan submitted by the Provisional Board upon which the ratepayers will be asked to vote is as follows:

(1) To acquire a suitable site in or adjacent to the Town of Raymond, and erect thereon a fifteen bed hospital from plans prepared by a registered architect and approved by the Provincial Board of Health.

(2) To provide for an Operating Room, a Case Room and all essential furnishings and equipment as required in the regulations made under the provisions of the Hospital's Act.

(3) To supplement the revenue derived from taxation by the adoption of a schedule of fees as follows:

(a) To all ratepayers assessed in respect of property within the Hospital district and their wives, dependent families and domestic female help of such ratepayers who are resident with them, a per diem rate of one dollar (\$1.00) the rate of one dollar (\$1.00) shall be assessed a minimum tax of Ten dollars (\$10.00) per annum.

(b) Non-ratepayers in the Hospital district may receive hospital treatment at the rate of One dollar (\$1.00) per diem, upon payment of a yearly sum of Ten dollars (\$10.00) per family providing this sum is paid within thirty days (30) of the opening of the hospital and thereafter not later than January 10th in each year except that persons entering the Hospital District must pay this sum within three (3) months after coming to the district. The Board retains the right to refuse to accept this payment if, in its opinion, it is made for the purpose of receiving immediate hospital treatment. In this paragraph the family shall mean the father, mother and dependent children only.

(c) Every person resident outside the boundaries of the Hospital district who pays the Outside Hospital Supporters fee of Fifteen dollars (\$15.00) to the Secretary-Treasurer of the Hospital District, on or before the 10th day of January in any year, shall be deemed to be a Hospital supporter for the calendar year.

(d) No charge will be made for ordinary drugs and dressings, operating room or case room for the persons eligible for the per diem rate of one dollar (\$1.00), but the regular schedule of fees will be made for X-ray.

(e) All persons not eligible for the per diem rate of one dollar (\$1.00), shall pay not less than three dollars (\$3.00) per day, with additional charges for drugs and dressings and operating and case room charges as follows: Major operations .. \$10.00 Minor operations .. 5.00 Case Room .. 5.00 X-Ray Regular schedule of fees.

are that barley will outyield wheat. Besides this, it has added advantages in fighting weeds, and supplies straw which is many times superior to wheat straw, providing a smooth awned variety is grown. Some good smooth-awned feed barleys are Newal, Prospect, Regal and Sunalta.

STOOK SWEEPS FOR HARVEST
A reasonably good crop this Fall will mean an acute labor shortage at harvest time. The difficulty of obtaining bundle crews may be even worse than last year. There is one ray of hope for thresher men, and

outlined below in accordance with the Municipal Hospitals Act. The Plan is to be advertised throughout the said district for a period of 14 days following which providing that all provisions of the Municipal Hospitals Act have been complied with, the Plan will be submitted to the Minister for final approval and a date fixed, not exceeding thirty days from the date of such final approval, upon which the ratepayers of the said district will be called upon to vote for the adoption or rejection of the said plan.

The territory included in the Hospital District is as follows: THAT PORTION OF THE M. D. OF SUGAR CITY No. 137 more particularly described as follows:

HANDS
TO
MAKE
FARM MACHINERY OPERATE

YES, Mr. Farmer, you need proper lubrication, too, for no amount of manual effort can make machinery go when breakdowns happen. And, without proper lubrication, there are bound to be breakdowns that will cost you time and money.

To avoid the dangers of wear—to keep your farm equipment operating smoothly and at low cost—see your nearest McColl-Frontenac Representative, as soon as possible. He will supply you with the right farm lubricants to meet your particular needs.

Ask him, especially, about the following:

RED INDIAN MOTOR OIL and RED INDIAN AVIATION MOTOR OIL

Here are two great oils that will lengthen the life of any engine. They ensure full power and economy under all operating conditions. These fine oils combat acid corrosion, friction, waste and wear. They stand up under highest engine heat... they flow and lubricate the moment the engine starts.

TEXACO MARFAK

For Wheel-Bearings and Vital Friction Points

This famous lubricant lasts longer and lubricates better under the toughest working

conditions. It is self-sealing and keeps the working lubricant in where it is needed most, prolonging life of bearings and universal joints by keeping out rain, mud and dust.

URSA X (CANADA)**

The Perfect Motor Oil for Diesel and Heavy-Duty Gasoline Engines.

Highly resistant to the formation of gum, sludge and carbon, Urso X** (Canada) keeps rings, ring grooves, valves, screens and filters clean. Provides maximum bearing protection. Ensures full power and lower fuel consumption.

FOR THE FARM

"Jerry's getting 'ell to-night"

THE WATCHERS on the cliffs cheer their going and coming as—night after night—R.C.A.F. bombers deliver shattering blows.

Canadian attack teams are famous for their skill and daring. As raw recruits, they entered R.C.A.F. Training Schools. They emerged within a few happy and exciting months as trained specialists—clear-eyed and competent.

Every member of a bomber crew is an expert at his own job, yet at the same time part of a closely-knit, smooth-working team. Happily, too, the air training and technical knowledge possessed by these fighting comrades of the skies will open up golden opportunities to them later in civil life.

More men than ever are needed for Aircrew... join now! Apply at nearest R.C.A.F. Recruiting Centre.

• If you are physically fit, mentally alert, over 17½ and not yet 33, you are eligible. You do not need a High School education.

COST OF MAKING WHEAT ALCOHOL IS CUT IN HALF

New processes are constantly being developed which will reduce the cost of converting farm crops into industrial materials. An Associated Press Dispatch report development of a new distilling process which went into operation late in June and which it is claimed will cut the costs of converting wheat into alcohol to be used for war purposes. It is claimed this development will make wheat alcohol as cheap to produce as molasses alcohol. This process will save the United States \$50,000,000 annually in war alcohol costs and at the same time will provide one billion pounds of protein feeds for live stock and for enriching human foodstuffs. In advancing establishment of a Western Division of the National Research Council, with fully equipped laboratories, the Line Elevator Com-
